Career Objective

Aspiring MERN Stack Developer with hands-on experience in building responsive full-stack applications. Passionate about clean code, scalable architecture, and continuous learning. Eager to contribute to dynamic development teams and grow in a fast-paced tech environment.

Education

Bachelor of Computer Applications (B.C.A)

Institute of Innovation in Technology & Management (Affiliated with MDU), New Delhi

Expected Graduation: July 2025

Technical Skills

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Redux Toolkit

Backend: Node.js, Express.js, RESTful APIs

Database: MongoDB, MySQL

Tools & Others: Git, GitHub, Postman, NPM, Webpack, VS Code, Chrome DevTools

Additional: C++, Operating Systems, DBMS, Computer Networks

Projects

1. Personal Portfolio Website

- Developed a responsive portfolio using React.js and Tailwind CSS to showcase development projects.
- Focused on modular design, smooth navigation, and mobile-first responsiveness.
- Added animations and interactive hover effects to enhance user experience.
- Employed reusable components to improve scalability and maintainability.

2. Full-Stack E-commerce Platform

- Built an end-to-end e-commerce application with React.js frontend and Node.js + Express backend.
- Utilized Redux Toolkit for efficient state management.
- Developed secure REST APIs for user authentication, product listing, order processing.
- Integrated MySQL for structured, secure database operations.
- Key features: user registration/login, product filtering/search, shopping cart, and admin dashboard.
